Module 2 of the ECF addresses Teachers' Standard 2: Promote good progress, and Teachers' Standard 3: Demonstrate good subject and curriculum knowledge.

The topics within this module are:

1. Completion of Module 2 audit
2. Prior knowledge, memory and misconceptions
3. Literacy and learning
4. Consolidation of learning
5. Curriculum and subject knowledge
6. Subject knowledge and key concepts
7. Review of Module 2 audit

The module begins with a self-assessment audit against Module 2 ECF content.

## **Aims:**

- To help everyone find module 2 resources and to share exemplar audits and learning logs.
- To help clarify the expectations for the ECT, ECM and IT.

## **Agenda:**

1. ECF Module map - Andy Ash
2. Navigating around UCLeXtend
3. Module 2 resources.
4. ECF audits and learning log exemplars
5. ECF targets for this academic year.
6. Induction tutors roles and responsibilities.
7. Further questions.

## Module 2: Engaging pupils in learning

### Five themed modules mapped to the Teachers' Standards

ECT learning in each half term is fostered through an integrated programme of self-study, ECT mentor meetings, online and face-to-face training events. Learning activities address ECTs' knowledge of the Early Career Framework content and their ability to put this into practice to bring about high quality pupil learning.

## Audit

I strongly recommend that the ECT completes this prior to the mentor meeting. Allowing more time to discuss it and work through the other materials for that session.

| <p>The key element of this module which emphasised my training year is that consistency is key . When pupils know what is expected of them and have a routine in place that they expect, everything else like pupil progress and behaviour management can begin to follow. This also then echos across to the behaviour management side of things, whereby showing pupils you have a consistent approach and a consistent sanction policy in place, helps students to naturally regulate themselves when things go wrong.</p> | <p>One of the key things I wanted to ensure was in place throughout this module was consistency. I have applied this element of the module in many ways, for example, as discussed in week 6's notes, I consistently hand out pink pens for my students so that we can self assess their work. This is something the classes have become used to and come to expect with some students now even asking to hand these out.</p> <p>I have also applied the idea of consistency to my lessons by following a similar lesson structure each lesson. We will start by</p> | <p>After a difficult start with a year 9 class, I have built a good rapport with the class, and now have fewer behaviour instances and they respond well to my rule reminders.</p> | <p>The class is more resilient in maths and we have fewer behaviour instances. I am enjoying the lessons more and members of my department are not having to support me as I am not having to send students to them or ask for SLT support.</p> | <p>Continue to adopt a consistent approach and to utilise the school behaviour policy.</p> <p>Embed positive recognition into my lessons more</p> | <p>1.4<br/>1c</p> <p>1h</p>             |

## WHY?

Pope Francis

*“Teaching is a beautiful job; as it allows you to see the growth day by day of the people entrusted to your care”.*

## Thinking ahead...

I can organise a meeting prior to us starting module 3

I can look a resources and help adapt them to our settings.
