Once completed, the programme will be assessed through a case study-based approach to be completed in an 8 day window.

"I would highly recommend the NPQSL for anyone looking to make the transition from Middle to Senior Leadership. One of the key strengths of the programme was that it guided and gave me space (with excellent literature and skilled facilitators) to be reflective about the type of senior leader I wished to become. I now feel much more confident in 'sharing a vision' and 'implementing change'. As a result of the 'Working in Partnership' module I now have a greater understanding of the importance of developing relationships with stakeholders beyond the immediate school community. Investing in this programme at the start of anyone's senior leadership journey will not only help you to lead with impact and maybe avoid some of those new role pitfalls but will also mean that the staff and students you work with in your school community will flourish under your leadership."
