# Cohort 4 ECT (2024/25 Jan Starters) ECT Training Dates and Programme Information

## Introduction

This document is designed to provide you with important information about the requirements of your ECF programme and the times, dates and sign up links of any training sessions you are required to attend.

In Year 2 your school Induction tutor should ensure you and your mentor have a dedicated time to meet fortnightly. You will move to Y2 modules in spring term 2026. In the autumn term you should continue to meet your ECT weekly.

## UCL's ECF Programme

Your progress on the **Early Career Framework programme is not assessed**, however, your engagement is monitored by UCL and the DfE, therefore it is vital that you **'mark as done'** when you complete any activities on your platform. This includes when mentor meetings have taken place. When you see **'To Do'** this highlights a compulsory element for the course that you must complete such as the **module evaluation forms** at the end of each module. You must also ensure you attend your **facilitated sessions** in your cluster group as they are compulsory elements of the course.

As a January starter ECT you will follow a slightly different module journey over your two-year induction period. Previously you should have completed module 3 (spring term 2025) and module 4 and 5 (summer term 2025)

Autumn 2025	Module 1 and 2 (completing Y1 modules)
Spring 2026	Module 6 and 7 ( <b>start of Year 2</b> )
Summer 2026	Module 8
Autumn 2026	Module 8 completion and 9

(Module 8 spans over a term and a half).

## ECT Y2 Induction Conference

Please sign up to one of the induction conferences below and ensure you submit your absence request forms to school following your school's policy.

# Facilitated Learning Sessions (2-hours) and Local Learning Communities (1-hour online).

You will be assigned a cluster group for the academic year. In most cases this will be the same cluster group as year 1, but your venue and/or facilitators may have changed. This group will be led by one or two local facilitators. Your facilitators are experts in your phase and/or specialist area. Our team of facilitators have been selected because of their rich professional experience. Your local facilitators ensure your training sessions are relevant to your particular setting. They each have professional experience that mirrors the setting you are in and they embody a deep understanding of our local contexts. Your facilitators also have a pastoral role acting as a sounding board for issues and a good source of advice. They are there to support you and they can often point you in the direction of a practical solution.

In your welcome back email you will have been informed of the cluster group you are in. Using your **cluster code** you can locate your cluster dates, times and venue for the academic year below, along with the name/s of your facilitator/s below. We advise you to ensure you submit any absence request forms now following your school policy should you require additional time to arrive at the session on time. Your facilitated sessions are compulsory elements of the course and should take precedence over school meetings and events (with the exception of parents evenings).
